

Ongoing Developments in Patent Law: Claim Construction on Appeal, Indefiniteness, and PTAB Decisions

08.13.14

There are a few patent cases to keep track of in the future that may have an impact on claim construction, indefiniteness, and Patent Trial and Appeal Board (PTAB) decisions. Here is a list of cases to watch: The Supreme Court granted certiorari in the Teva Pharmaceuticals USA, Inc. v. Sandoz Inc. (Dkt. No. 13-854) to consider... [Continue Reading](#)
