

The Amendment Power: Voldemort May Not Have Had This Power, But It Is One to be Feared by Minority Investors in Private Companies

04.09.18

In the Harry Potter universe (now returned to playing on Broadway), the wizarding world greatly feared the Dark Lord, Voldemort. In the business world, minority investors in private companies should rightly fear the power of majority owners who have the power to amend the company's governance documents. Minority investors in Texas privately-held companies often assume—understandably,... [Continue Reading](#)
