

OIG Approves Free COVID-19 Antibody Testing for Medicare Beneficiaries

08.05.20

On August 4, 2020, the Office of Inspector General of Health & Human Services (OIG) used a new website resource to share informal guidance on the ability of laboratories to provide free COVID-19 antibody testing to Medicare beneficiaries. For the specific situation, the requestors indicated that the clinical lab would provide free COVID-19 antibody testing...
