

Defending Nonsubscriber Lifting Injury and Premises Liability Claims

05.01.14

Presented at the Texas Association of Responsible Nonsubscribers (TXANS) 24th Annual Conference & Exhibition in Austin, Texas. TXANS leads the effort to promote the use of sound and ethical practices relating to injury prevention and the provision of quality workplace injury benefits by non-subscribers to workers' compensation. TXANS provides specialized programs and services to help Texas employers succeed as responsible non-subscribers. TXANS also works to address important public policy objectives so that the freedom to choose injury benefit options can continue for both employers and employees.
