

Diversity, Inclusion & Self-Care Virtual Summit

Panel Speaker: Sean Davis

06.24.20

Winstead is proud to be a sponsor at the [Diversity, Inclusion & Self-Care Virtual Summit](#). Join us for a two panel discussions exploring the obstacles, risks and rewards on the path to a fulfilling and productive career for women and minority leaders. Now more than ever, it is imperative that we adhere to our core values around diversity and inclusion, and remain anchored to our community.

What are the best strategies for recruiting and retaining diverse talent even in the face of a pandemic? How can we maintain standards of excellence while working remotely? How can we enlist men to become our allies and advocates? Are companies doing enough to create a culture of inclusion that goes beyond metrics?
