DALLAS, June 12, 2017, — Winstead's reputation for delivering high level, client-focused legal services has again been recognized by Chambers and Partners. This year's *Chambers USA Guide 2017* (Chambers & Partners Publishing) publication ranked seven of Winstead's practice areas in bands 1-4 in Texas with real estate and construction ranked in band 1. Other practice areas listed by Chambers in this year's survey were banking and finance, energy, environment and insurance in Texas; and real estate: finance in North Carolina.

Chambers USA is published by Chambers and Partners, a premier guide to the legal profession. Each year, Chambers conducts in-depth research and interviews with clients and attorneys throughout the United States to identify the top lawyers in various practice areas. Law firms and individual lawyers are ranked in bands from 1-6, with 1 being the best. Inclusion in *Chambers USA* is based completely on the research and peer interviews conducted and cannot be initiated by a firm or attorney.

Chambers selects their sources based on submissions put forward by legal practices, interviews during the course of research, as well as from their own database resources.
