His accomplishments are a direct result of his focus on client objectives, creative "out of the box" strategies, and attention to detail.

Client Testimonials

"Upon replacing former counsel in a key IP litigation for eCU Technology, Mr. McDole and his team quickly assessed the status of the case, developed a comprehensive and strategic plan for success, and aggressively implemented the plan. Mr. McDole's strategic vision and relentless pursuit of the facts provided eCU the upper hand in the litigation and eventually led to a successful resolution of the dispute. Mr. McDole and his team are top notch trial attorneys and are highly recommended."

"Jamie McDole took over as lead counsel in our company's complex multi-party, multi-district IP litigation after our original law firm lost a key Markman issue, effectively decimating our case. Immediately upon engagement, Mr. McDole and his team developed a deep understanding of the issues and crafted a comprehensive strategy for success. He convinced the Court to reconsider and reverse its previous, adverse Markman Order, dissected the Defendants' invalidity theories one by one, extracted the truth from scores of deponents, and won virtually every motion until the case successfully settled just before trial. Mr. McDole changed the course of the litigation and our company's future as a direct result of his strategic vision, tenacious pursuit of the facts, and consistent focus on winning. The Defendants engaged numerous large, international law firms throughout the litigation, but I truly believe that Mr. McDole and his team were superior attorneys and best in class."
